Gemini 12 Astronauts Make Pinpoint Landing, Climaxing Four Record-Shattering Days

CAPE KENNEDY, Fla. (AP)—The Gemini 12 astronauts parachuted to a pinpoint landing in the Atlantic's fabled Sargasso Sea today, climaxing four record-shattering days in space and triumphantly ending America's Gemini program. The sensational space adventure reached a blazing climax when Navy Capt. James A. Lovell Jr. and Air Force Maj. Edwin E. (Buzz) Aldrin Jr. plunged back through the atmosphere and splashed into the sea at 2:20 p.m.

Aldrin Takes Top Spot in Space World

CAPE KENNEDY, Fla. (AP)—Muscular, scholarly, who sees his future on the moon, returned to earth to take the place in the front rank of the world's space heroes.

For Edwin E. Aldrin Jr., the last of a three-part Gemini program to a thrilling climax within range of television cameras aboard the main recovery ship, the aircraft carrier Wasp.

The cameras picked up Gemini 12 as it drifted to earth, dangling beneath its large orange parachutes.

He has shot down enemy fighters over Korea. He has achieved a doctorate for spaceflight studies.

His combat photography has appeared in Life magazine. Now, he has exposed himself to space for 3 hours, 36 minutes, more than twice as long as any other human, done tasks in the weightless void that none other had done, and armed America with new confidence in its thrust toward the moon.

In a recent interview at the Manned Spacecraft Center at Houston, near his home, Aldrin, 36, said: "The moon's our goal, and the guy who doesn't want to go there is just a quitter."

Aldrin's work leading to his present assignment at the Massachusetts Institute of Technology in 1963 anticipated many of his adventures of this week.

New Bids to Develop Ski Area Sought

Plans to reissue an invitation to bid for the development and operation of the proposed "Big Sky" ski area were announced Monday by P. Max Rees, Sawtooth National Forest superintendent.

Butterfield, a proposed major ski resort, is located 15 miles north of Sun Valley, off the road to the north end of the area, with its predominance of intermediate ski runs, 2,800 feet of vertical drop and 100 miles of groomed trails.

The bid invitation, or prospectus, originally was issued in June, 1965. The successful bidder, the Boulder Development Corp., of Soda Springs, later withdrew its bid.

Reasons for this action were "tight money with increased risk of decline during recession," increased competition of other ski areas," Robert Hoag, Sawtooth National Forest Recreation and Development director, said.

The first phase of the ski area development calls for construction of a series of ski lifts to Elk Flats, and the way to the top of Vengren Peak, elevation 9,600 feet. The first phase also calls for roads, ski runs, a parking lot and a day lodge to be constructed.

These plans are outlined in a prospectus, Hoag said. Further information concerning the specifications of the Forest Service for the development of the ski area will be furnished from the Sawtooth National Forest headquarters on Addison Avenue East in Twin Falls, or from the district ranger at Ketchikan.

Other speakers are Dr. Edward V. Stein, dean of students and associate professor of psychology at the University of Theological Seminary, and Dr. Field, who is a lecturer at the University of Theological Seminary, in addition to holding the position of confessor.

DECLINE NOTED
WASHINGTON (AP)—The construction industry experienced its seventh straight month of decline during October, Commerce Department reported today. Housing construction led the drop.

Two days before Martin Luther King Jr. was shot, the Vatican indicated that Pope Paul was ready to make another appeal for a Christmas cease-fire in Vietnam. He made such an appeal last year. It was followed by a pause in the fighting, but a new cease-fire to halt the fighting at Christmas time.

Martin came to the Vatican after closing out the official phase of his three-nation European tour in a final conference with Pope Paul and Foreign Minister Amintore Fanfani.

Informants said Martin gave the Pope a full report on the Vietnam soundings he has with government officials in Poland and the Soviet Union, Poland, with Canada and India, is said to have been in the Vatican since Sunday.

Catholic Bishops Are Confronted With Meat on Friday Question

WASHINGTON (AP)—The question of meat on Friday for the nation's Roman Catholics came up today at an extraordinary conference of bishops. The 219 American bishops turned their attention to this issue after: "Accusing the Johnson administration of coercing the poor to practice birth control. Using a computing machine to conduct the first election in their history. Archbishop John F. Dearden of Detroit was chosen president of the episcopal conference."

One of the issues up to the bishops, archbishops and cardinals was whether American Catholics must continue to abstain from meat on Friday, or whether some other form of penance, such as prayer and good works, may be substituted.

An influential body of opinion in the American hierarchy has argued for virtual abolition of the meat-on-Friday rule, as obsolete, it already has been abandoned in some countries, including Canada, Italy and France.

On the birth control issue, Bishop Edmund J. Gallagher of Lafayette, Ind., a spokesman for the prelates, told a news conference: "We have the specter of the government offering below minimum relief to the poor with one hand while the other is filled with contraceptives."

He called this a threat to liberty and the dignity of the individual.

He said the Health, Education and Welfare Department is holding hearings for relief workers in major cities, telling them only one side of the birth issue.

Bishops present said a letter had been written months ago to Sargent Shriver, director of the poverty program, challenging the restrictions on relief workers in major cities, telling them only one side of the birth issue.

Bishop Gallagher said: "We did not ignore the courtesy of a response."

Of the 207 cardinals, archbishops and bishops eligible to attend the conference, 219 are here. Conference officials said the others are absent for such reasons as illness or retirement.

SMYLYE TALKS
ON OUTCOME
OF ELECTION

BOISE (AP)—Gov. Robert E. Smylye described the outcome of Idaho's general election today as "a defeat for the people."

He said the election was a "defeat for the people" because it would be well to rest for a time after the election.

But he said Idaho in the past decade has gained recognition in many areas and "now we are in no sense isolated."

"We have the will and now the means," he said, "with which to make a bold bid for the cultural attention that will attract the grace notes of artistic achievement to the developing symphony of our life and times."

Smylye spoke at the Governor's Conference on the Arts today, sponsored by the newly created commission on the arts, which was announced as his last public address in Idaho as governor. He leaves office Jan. 2 after serving three terms.

Smylye said he still has several months to go before he leaves office. He said he will schedule this month and next, including a week-long lecture series on government at Yale University.

Pentagon Is Cutting Back on Use of Lie Detector Tests

WASHINGTON (AP)—The Pentagon, often accused of being too trusting about some things, is cutting back on the use of lie detector tests.

And Congress, sometimes the last to be happy about anything, is happy about the Pentagon's move.

When a House Committee on Government Operations said the Pentagon was too liberal in the use of polygraph—the lie detector—examinations, the Defense Department was the first to say it was.

The Pentagon went out with an order regulating how polygraph tests were to be conducted and stating how its examiners, now numbering over 400, were to be selected, trained and supervised.

The directive represented the first step taken by any agency to restrict the widespread use of the so-called lie detector test, the committee reported just before adjournment of the rules.

Dinner Is Kickoff For Farm-City Week

(See Picture on Page 3)

The banquet room was filled to capacity, the audience packed, and the speakers amusing at points and interesting always. All these factors combined to make the Twin Falls Kiwanis Club's Farm-City Week kickoff dinner at the Holiday Inn Monday an acknowledged success.

Keynote speaker John A. Carver Jr., currently serving on the Federal Power Commission and its main committee on the highest federal positions ever held by an Idahoan, chose as his topic one that is the subject of intense debate in Idaho—use of Idaho's water resources.

Carver dwelt at length on the correlation between use of land and water resources and the political makeup of the nation's representatives, particularly from Idaho.

The population distribution, he said, currently stands at a 30 per cent rural, 70 per cent urban ratio. In another 10 years, he predicted, the ratio will stand at 20 per cent rural, 80 per cent urban.

Distribution and economic changes, he said, have been accompanied by political changes, he added.

The most important of these were the Supreme Court decisions which led to the redistricting of congressional districts.

ENTERTAINERS
May Strike At Midnight

NEW YORK (AP)—The possibility of a nation-wide strike by members of two performer unions spurred efforts today to work out a new contract between the unions and the television and radio networks.

Strike votes were taken today by the Screen Actors Guild and the American Federation of Television and Radio Artists.

Negotiations for the 15,000-member Guild and 17,500-member AFTRA have been meeting since the unions asked for representatives of the networks and independent producers and advertising agencies.

The AFL-CIO unions seek a three-year contract for performers to increase their daily pay from \$100 to \$125.

AFTRA is also demanding a 25 weekly pay hike and a 3 per cent increase in pension and welfare contributions.

Pope, Canada Aide Discuss Peace Ideas

VATICAN CITY (AP)—Foreign Minister Paul Marlin of Canada met today with Pope Paul VI to discuss Viet Nam peace ideas.

Marlin came to the Vatican after closing out the official phase of his three-nation European tour in a final conference with Pope Paul and Foreign Minister Amintore Fanfani.

Informants said Martin gave the Pope a full report on the Vietnam soundings he has with government officials in Poland and the Soviet Union, Poland, with Canada and India, is said to have been in the Vatican since Sunday.

Johnson Prepares To Enter Hospital

WASHINGTON (AP)—President Johnson talked with his doctors and worked to clear his desk of work as he prepared to enter the Bethesda Naval Hospital today for a dual operation. Press Secretary Bill D. Moyers said Johnson "feels good this morning" and added, "he told me that himself."

Moyers said Johnson would enter the hospital "after mid-afternoon" but he had no exact time schedule either for that or for the start of the abdominal and throat surgery Wednesday.

A battery of doctors who will participate in the operation called on the President this morning, then went to the hospital for what Moyers described as "a verbal run-through of the operation."

Moyers reported that Johnson conferred with various members of his staff and called for reports from cabinet members concerning pending business he would need to deal with before going to the hospital.

Moyers said Johnson has lost weight since his announcement that he would undergo surgery, but the press secretary said he did not know exactly how much.

It was Johnson's colon, he said, which was the cause of the surgery. Johnson is on the operating table, Vice President Hubert H. Humphrey will be acting president.

Johnson said they have a standing agreement spelling out procedures to put Humphrey in charge should the President be incapable of carrying out executive duties.

"We expect that we will be in the hospital for a very few days and then we will be returning to Texas," Johnson said.

QUAKE IS FELT
DENVER, Colo. (AP)—The Denver area shuddered slightly Monday in an earthquake.

Warning of a possible fish kill in Milner Reservoir due to low water flow conditions and wastes being dumped into the Snake River by potato processing plants in the Heyburn and Burley areas was voiced Tuesday by Harlan F. Formo, chief of the water pollution section, engineering and sanitation of the Idaho Department of Health.

This year has been regarded by many as one of the driest in Idaho's history and water shortage levels in the Palisades and American Falls reservoirs show a decline of more than one million acre feet from last year.

"This reduction in water storage levels has resulted in lower water flow conditions in the lower Snake River and its tributaries. Wastes dumped into the river from food processing plants have extremely high biochemical oxygen demand and when the flow in the river reaches a critical point in relation to the waste load being discharged into the stream, it is not enough oxygen present to support fish life," he said.

These plants, which are potato processing plants, operate in the Heyburn-Burley area. Constructed primary waste treatment plants are required to reduce waste discharge into the river by 80 per cent. Forms stated that secondary treatment of 90 per cent waste reduction is necessary to insure good sanitation.

School Roof Collapses in British Storm

LEICESTER, England (AP)—In the roof of a secondary school in today during a storm and it collapsed, crushed children to death.

A day nursery and several other buildings were also badly damaged by a windstorm following a thunderstorm.

The secondary school has an enrollment of 655 pupils. Leicester is 100 miles north of London, is the center of a wool producing area and a shoe manufacturing area.

A school spokesman said the school's bell tower crashed through the roof into a library and library.

City Education Director William Black said 22 boys and two girls were in the library when the bell tower crashed through the roof into a library and library.

He added some children were hurt but by a windstorm fully it seems casualties are light.

3 Escapees Are Arrested In Twin Falls

Three escapees from prisons in surrounding states have been taken into custody by Twin Falls police.

First man, Wallace D. Dunham, 41, Spanish Fork, Utah, was apprehended Saturday, according to Police Chief Robert H. Barnett. Dunham was arrested by FBI agents and police in the 21st of the 21st bar, Shoshone Street South.

He is listed as having escaped Oct. 4, 1965, from Utah State Prison in Salt Lake City, Utah, where he was serving time for armed robbery. Utah authorities extradited the prisoner Tuesday morning.

A 42-year-old man wanted on a Superior Court bench warrant on a charge of armed robbery Tuesday morning at his home on Locust Street, Barnett identified the man as Elmer E. Barker. Further information about the arrested man was not immediately available.

Raymond L. Graham, 24, who escaped from a California prison on farm three years ago also was arrested by police in the 21st of the 21st bar, Shoshone Street South.

Barnett said Graham had agreed to sign a waiver for extradition.

Weather, Temperatures

MAGIC VALLEY—Cloudy with occasional rain. Winds 15-20 miles an hour at times. A little cooler. Probability of measurable precipitation at 8 a.m. is 50 per cent; tonight and 50 per cent Wednesday. Highs today 55-60, Wednesday 50-55; lows today 45-50, Wednesday 40-45. At Rupert, 50 at Fairfield, 44 at Buhl, 41 at Castleford, 43 at Gooding; at noon, 50 at T.F. weather bureau with 80 per cent humidity. Precipitation: 28.7.

SYNOPSIS AND AGRICULTURAL

Low pressure area remains just off the Pacific Northwest coast while the surface front is stationary to the west. Moisture in the southerly airflow aloft is keeping skies cloudy and even produced measurable amounts of rain in the southern valleys. Fairfield recorded .22 of an inch and Haley .21 of an inch of rain. Precipitation amounts in Magic Valley were .08 of an inch or less. The rain in the southwest has raised the freezing level to 9,000-10,000 feet and rain in some of the mountain areas is bringing the recent snow pack to disappear.

The low pressure off the West Coast is forecast to move slowly along the coast during the next two or three days. Cloudy skies will persist today and Wednesday and probably Thursday also. A cold front will begin to move eastward and bring more general rains to the valleys of Southern Idaho on Wednesday. Precipitation today should remain quite light, but heavier amounts are expected on Wednesday.

Cooler air will be brought in from the west on Wednesday lowering daytime temperatures around five degrees or so. Rain will change to snow in the higher mountains, but rather mild weather will be in the 50s to 60s and will lower to the 50s on Wednesday. Lows tonight will be much above normal for this time of year ranging in the 30s and 40s.

Forecasting rain continue to be done in some areas today where rain remains scattered and light. Heavier rains Wednesday will cause unfavorable conditions for outside work.

30-DAY OUTLOOK

The next 30 days will average slightly warmer than normal in southern and eastern sections and wetter than normal over the rest of the Magic Valley. A low will remain in the Gulf of Alaska much of the time and a westerly flow in the upper air will bring a series of Pacific storms in over the Western States.

2 Runaways Are Foiled By Accident

BURLEY — Two teenagers from Longmont, Colo., who apparently had well-laid plans to elude police in a stolen car, were doing just the opposite when they were caught Tuesday.

Paul Pickett, 14, and Dale Puckett, 16, were listed in good condition at Cassia Memorial Hospital in Burley, Idaho, in which they were riding struck a tree area sign on Highway 30-22 miles east of here.

The boys' parents, Mr. and Mrs. Paul K. Keller and Mr. and Mrs. Richard Steen, both of Longmont, are en route to Burley. The boys' car was filled with clothing and the boys apparently had planned the "trip" long in advance.

Father, Son Held in Jail After Fight

A Twin Falls father and his son were being held in the city jail after a fight Monday evening.

Police officers called Jack Tramel, 28, and his father, Ellis Tramel, 59, were charged with disorderly conduct, resisting arrest and destruction of city property after the 6:45 p.m. incident at the Key Hole Bar, Commercial Street, South.

Tramels decided to fight the arresting officers when they arrived at the scene, and a scuffle followed the two men were arrested.

After the arrest, and while on the way to the police station, officers charged the younger Tramel over a radar set in the street.

The men appeared before Police Judge Harry Turner Tuesday morning and entered pleas of not guilty.

\$50 Million Base Opens 45 Days Early

TUY HOA — South-Viet-Nam (AP) — This \$50-million U.S. Air Force base began combat operations today 45 days ahead of schedule.

Gen. Hunter Harris, commander of the 7th Air Force, said the Pacific said the new base will permit quicker air strikes in support of ground operations in the midsection of South Viet Nam.

Gen. William M. Momyer, chief of the 7th Air Force, said Tuy Hoa will "play a role in our increased flexibility in close support of ground forces" in the 2nd and 3rd Corps areas, which have seen some of the hardest fighting in the war.

Harris, Momyer and other Air Force and Vietnamese officials witnessed the landing of the first F100 Super Sabre jet fighter-bombers on the 3,470-foot runway.

A 10,000-foot runway—capable of handling the nation's heaviest bombers—will be completed by May along with the rest of the base.

Leading his squadron in was Lt. Col. Alan Wockfus of Webster, D.C.—He has been in Viet Nam for seven months.

Wockfus and the 18 planes of the 38th Tactical Fighter Squadron were fresh from strikes against the Viet Cong in a number of sectors, including the battle of Tay Ninh Province.

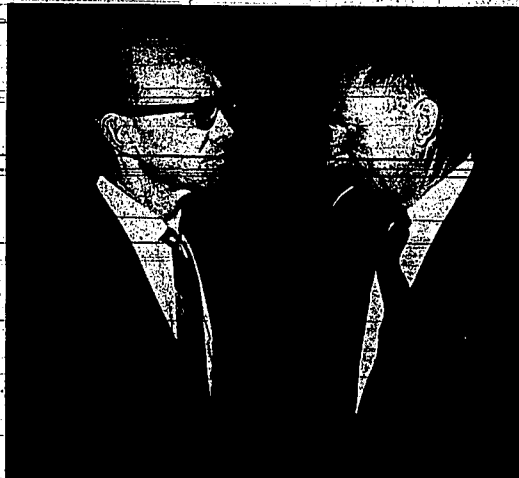

The base still is little more than an air strip amid wide expanses of brown sand along the shore of the South China Sea, some 235 miles northeast of Saigon.

The Air Force garrison and the civilian construction men live in tents or trailers. There are great piles of building materials and equipment in the area. Foundations for permanent buildings are taking shape.

Ex-Area Woman Hurt in Crash
SHOSHONE — Word was received by Mrs. Denine Rodeluck Sunday evening of the accidental death of her son-in-law and injury of her daughter, Mr. and Mrs. Cecil Kelsey, Kearns, Utah.

The couple was five blocks from their home in Kearns at about 3 p.m. Sunday when teenagers in another car ran a stop sign, hitting the Kelseys' car broadside.

Mrs. Kelsey lived in Shoshone prior to her marriage in 1955 and attended the Beauty Arts Academy, Twin Falls.

Inflatable Combat Hospital Destroyed by Enemy Fire

TAY NINH, South Viet Nam (AP) — The world's only inflatable combat hospital has been destroyed by a bloody baptism of fire in the jungles of South Viet Nam.

The \$2-million complex of air-filled operating rooms, laboratories and "surgical wards" was trucked into an abandoned tupa plantation 90 miles north-east of Saigon near the Cambodian border.

Before the rubber-like dacton buildings could be blown up and put into operation, the Viet Cong nearly destroyed the entire hospital with a mortar attack that killed the hospital commander, tore gaping holes in the roof of the unoccupied nurses' quarters.

Twenty minutes after the attack, the hospital was completely destroyed.

ROMNEY FAVORED
BOCA RATON, Fla. (AP) — A poll of delegates to the Southern Newspaper-Publishers Association indicates that most of them believe Michigan Gov. George Romney will oppose President Johnson in the 1968 election.

completely air-conditioned, dust free, 60-bed surgical hospital opened its plastic doors for business, a Medivac helicopter set down on the landing pad less than 100 feet away and Capt. Richard Welch of Louisville, Ky., and Carl Borders of Rochester, Mich., were operating on their first patient.

If necessary, the entire hospital can be collapsed and loaded onto helicopters in less than 15 minutes. When other inflatable expandable units are available, it can be converted into a 20-bed evacuation hospital.

That was two weeks ago. Because of the bitter fighting and the growing number of casualties from Operation Attleboro in the rain forests of War Zone C, Army medical authorities decided to activate the inflatable, expandable hospital ahead of schedule.

Weapons of Minutemen Impress Court Jury

KANSAS CITY, Mo. (AP) — "I think the weapons impressed us more than anything else," said David D. Holmes, foreman of a federal court jury which Monday convicted Robert B. DePugh and two other members of the Minutemen of violating the National Firearms Act.

The jurors had seen the prosecution display a .50 caliber machine gun and four smaller machine guns which had been hidden underground.

DePugh, 43, founder of the secret organization, and Walter Payson, 24, both of Norborne, Mo., could be sentenced to 15 years imprisonment. The other defendant, Roy Houghton, 31, San Diego, Calif., could get five years. They were given 30 days in which to file for a new trial.

All remained free under bond. Judge Elmo B. Hunter said he expected to sentence the men in about three weeks.

DePugh, who urged Minutemen to take guerrilla training to resist communism, left the courtroom with a big smile. "I have been told by my attorney to make no statement and I will make none," he said.

Members of the jury said there never was any question in their minds about the defendants' guilt after deliberations started.

"I think everyone was influenced by the testimony given by Mr. Husted," said Holmes.

Ruthless Roosevelt Husted, 23, year-old ex-Marine, testified that he helped Payson bury the 50 caliber machine gun under a Missouri farmhouse and bury the other machine guns and ammunition near a cemetery. He later led FBI agents to the caches.

DePugh and Payson were convicted of having automatic weapons or silencers without registering them and of not paying the \$200 transfer fee on each weapon. All three defendants were convicted of conspiracy.

Nineteen alleged Minutemen recently were rounded up in New York, along with a huge supply of ammunition and weapons. Nat H. Hentel, Queens County district attorney, said the raids were linked with DePugh and DePugh would be asked to appear before a Queens County grand jury.

After his trial, DePugh said he wasn't going to New York and that the 19 men were not dues-paying Minutemen.

Eddie Fisher Says Divorce Is Invalid

LOS ANGELES (AP)—Singer Eddie Fisher has filed a divorce suit against Elizabeth Taylor, saying her 1964 Mexican divorce from him is invalid. He said he was not represented when her decree was granted.

The 34-year-old actress is now married to British actor Richard Burton.

Fisher, 38, once the husband of actress Debbie Reynolds, asked in the suit filed Monday that the court rule his marriage to Miss Taylor valid, then grant him a divorce, divide community property and determine who should have custody of Lizzy Todd Fisher, Miss Taylor's daughter by Todd.

The suit alleges Miss Taylor deserted Fisher in 1962.

Indians Meet For Annual Convention

OKLAHOMA CITY (AP)—Some 1,000 Indians, some from as far away as Alaska, opened the 32nd annual convention of the National Congress of American Indians.

Keynote speaker for the four-day meeting is Wendell Chino of Mesquite, N.M., congress president.

Registration began Monday. An early visitor was Robert L. Bennett, U.S. commissioner of Indian Affairs. Bennett was honored at a banquet Monday night.

Delegates hope to draft resolutions proposing federal laws that would update administrative policies of the Bureau of Indian Affairs. Also scheduled for discussion are problems involving Indian health, education and job opportunities.

Bennett told the group the American Indian, whose welfare in the past has been largely under the jurisdiction of the Bureau of Indian Affairs, should now benefit from recent federal programs affecting all citizens.

He said there is no need for Indians "to fall into the pattern of racial agitation in order to attract attention."

Last of Three Sought for Killing Found

BISHOPS STORTFORD, England (AP)—Harry Maurice Roberts, last of the three men wanted for the slaying of three London policemen, was arrested today.

Announcing the end of the three-month hunt, a Scotland Yard spokesman said Roberts was arrested without a fight.

A Scotland Yard spokesman, announcing the end of the three-month hunt, said:

"Harry Roberts was arrested about 11:45 a.m. today during the course of a full-scale search mounted by Hertfordshire, Metropolitan and Essex officers."

Roberts was detained without a struggle and is now in custody.

The seizure came 24 hours after the first opening in the Old Bailey Courthouse of Roberts' friends, John Duddy, 37, and John Edward Whitney, 38.

They are charged with gunning down the three policemen within the shadow of London's Woodmoor Scrubs Prison Yard.

Scarfed Roberts, who police say was with them, has been on the run since. The biggest police hunt in British criminal history was launched to find him.

Roberts, a blooded murderer of the three British policemen, who had stopped to question three men and were in plain clothes, stirred the country. Wanton slayings of police officers—they do not carry weapons except on rare occasions—are rare.

American War Troops Will Have to Do Without Glazed Turkey and Gravy

WAYLAND, Mich. (AP)—The service, he said, "the Christmas season was always the toughest, the time when morale sank a bit and we were a little depressed."

A spokesman for the Defense Department's Community Relations Division said the trip would be impossible in view of recent "increased troop strength and the heavy logistical requirements" of transporting the troops.

Doubletstein, 43, a chef who thinks cookies from home are not enough for soldiers at war during the yuletide, wanted a company of the nation's leading chefs to cook Christmas dinner for the troops.

The Defense Department said the trip would be "contrary to policy and dangerous."

Doubletstein, a father of three, lives in this west Michigan town of about 2,000 and commutes to his job at a Grand Rapids restaurant.

Court Crosses Threshold in Rights Protests

WASHINGTON (AP)—The Supreme Court has crossed a threshold in civil rights protest cases.

Whether it has broken sharply with its past holdings is subject to interpretation. Justice Hugo L. Black says the court has not, Justice William O. Douglas says it has.

But however little or much the court may have veered Monday's 5-4 ruling in a Tallahassee, Fla., case enhances state power to declare certain kinds of government property off limits for even peaceful protest.

Specifically off limits because they were at issue in the Tallahassee case are the driveways and premises of jail houses.

Black, in writing the court's decision, did not give other instances of government property which could be declared off limits. But he, and the court majority, undoubtedly mean to en-

compass more than just county jail houses, for he concluded with this general statement: "The United States Constitution does not forbid a state to control the use of its own property for its own lawful non-discriminatory purpose."

And he likened government authority in this field to the right of a private person to guard his back yard against trespassing, for he also said: "The state, no less than a private owner of property, has power to preserve the property under its control for the use to which it is lawfully dedicated."

The decision was not very surprising, in several recent cases various members of the court have demonstrated in-

creasing impatience with civil rights protests.

After the decision was announced, Douglas—like Black, a free speech advocate—said from the bench:

"We now have set into the record a great and wonderful police state doctrine."

In his written dissent, Douglas expanded on this theme, saying the majority was giving public officials "the awesome power to decide whose ideas may be expressed and who shall be denied a place to air their claims and petition their government."

The First Amendment, Douglas said, gives the 32 Florida A and M students whose trespass convictions were upheld the right to protest segregation out-

side the Tallahassee jail. At the same time, he conceded, "there may be some public places which are so clearly committed to other purposes that their use for the airing of grievances is anomalous."

"No one, for example, would suggest," Douglas said, "that the Senate gallery is the proper place for a vociferous protest rally."

Admiral of Voyage Meets Ancestor

Admiral Nelson is visited by a spectral ancestor from 20 years in the past on ABC-TV's "Voyage to the Bottom of the Sea" in color Nov. 27 (7-8 p.m. PST). In "The Haunted Submarine" Chief "Sharkey" and crewman

Kowalski hear eerie sounds emanating from the ventilating system on board the Seaview. Then Capt. Crane gets a periscope sighting of a sea-ripped frigate on the surface, and calls Adm. Nelson to the control room. Nelson finds everyone in the crew frozen to his post—and hollow laughter echoes throughout the sub.

Richard Basehart stars as Adm. Nelson and David Hedison as Capt. Crane. Basehart doubles as Capt. Shattuck Nelson.

Pair Exposes Private Militia

Sam Stone and Jim Briggs close in on a paramilitary group on ABC-TV's "The Felony Squad" in color Nov. 21 (9-9:30 p.m. PST).

In "Between Two Fires" Kevin McCarthy guest-stars as Charles Flagg, the leader of a private militia. Attempts to uncover an arsenal or any other clues for charges against Flagg

are futile until a burglary search results in the discovery of three hand grenades.

Howard Duff stars as Sam Stone, Ben Alexander as Dan Briggs and Dennis Cole co-stars as Jim Briggs.

Work for Colt

Shane contracts to work a month for his arch-enemy, Rufe Ryker, in exchange for a colt he wants as a gift for Joey Starrett. In ABC-TV's "Shane," in color, Nov. 28 (7:30-8:30 p.m. PST).

In "The Silent Gift," Joey is overjoyed with the gift, but Ryker fires Shane for fighting and demands that the colt be returned.

ACTRESS RENTS HOME

Wende Wagner, who is featured in ABC-TV's "The Green Hornet," has rented a house in Pacific Palisades, where she and her young daughter will live for the next six months.

Devine Is New Met President As Weiss Retires

NEW YORK (AP)—George Weiss, long and generally successful career as a baseball executive, ended Monday when he retired as president of the New York Mets and was replaced by Bing Devine. The retirement of the 72-year-old Weiss and the appointment of Devine, 49-year-old former general manager of the St. Louis Cardinals, came six weeks after the Mets had completed the most successful season in their five-year history.

Sparks Takes Lead in Local Golf Tourney

Ken Sparks of Nampa took the first round qualifying lead over host pro and defending champion Dave Killen and Twin Falls Municipal pro Clyde Thomsen in the annual Idaho Chapter, Rocky Mountain Section, PGA, tourney Monday at Blue Lakes Country Club.

Sparks tallied 85 points in the first day of round-robin play while Killen and Thomsen came in with 75 each. Next closest player was Dave Barrett, Blue Lakes assistant pro, with 67 points, followed by John Driggs of Pocatello at 63 and Jay Griggs of Rexburg with 48. Sparks had the best round of the day, a one-over par 68.

A large group of pros are bunched just below that, still within range for Tuesday's second round.

The four highest scores after two days of round-robin play will go into match play Wednesday to decide the championship.

Killen, winner of the tourney four out of five times, is considered a favorite among the 25 pros entered.

Bobcats and Aztecs Land Camellia Bowl

SACRAMENTO, Calif. (AP)—San Diego State and Montana State College were named Monday to meet in Sacramento's Camellia Bowl Dec. 10 for the Pacific Coast Region's small college championship.

San Diego is undefeated in eight games and has two more yet to play this season. Montana State, champion in the Big Sky Conference, has an 8-2 record. Camellia Bowl officials said confirmation of the contenders came from National Collegiate Athletic Association headquarters in Kansas City.

San Diego will meet Northern Arizona and Los Angeles State in games later this year. Last Saturday San Diego defeated San Fernando Valley State, 21-0. Montana State last competed in the Camellia Bowl in 1954 and defeated Sacramento State 27-7. The Camellia Bowl is one of four established by the NCAA to determine regional champions among small college division schools.

CHECKING BINDINGS for proper fit in preparation for Ski Patrol duties, at Pomerelle ski area is Gary Mortenson of Twin Falls. Mortenson has been selected to ski for the U.S. team in the VI Winter Games for Deaf, West Germany, February 20-25. He will leave for the games Feb. 13 (Times-News photo).

T.F. Man to Ski for U.S. Team In VI Winter Games for Deaf

Gary Mortenson of Twin Falls has been selected to compete in the VI Winter Games for the Deaf at Berchtesgaden, West Germany, February 20-25. Mortenson is one of 15 United States deaf skiers picked from 55 applicants by Art Kruger, chairman of the U.S. Games Committee. Mortenson, 45, five feet, eight inches and 170 pounds, has been skiing for 20 years and has been a member of the Pomerelle Ski Club.

Patrol for four years—He will compete in three events for the United States: Downhill, giant slalom and special slalom.

Besides Mortenson, there will be 10 men and three women on the first U.S. deaf ski team. Three others are from the Intermountain region, Arthur Valdez of Salt Lake City, Trotter Cowan of Seattle and Ed Cornelius of Beaverton, Ore.

Mortenson, born in Salt Lake City, graduated from the Idaho State School for the Deaf at Coeur d'Alene. He is coached by Gooding and Gallaudet College in Washington, D.C., the only college for the deaf in the world.

Mortenson is employed at the Times-News as a linotype and press operator. He is a member of the Idaho Athletic Club of the Deaf, which has prominent athletes. One-half of the \$500 received to send Mortenson to the winter games.

Mortenson asks that anyone wishing to contribute to this fund, make all check and money orders payable to the Gary Alford Mortenson "ICD Fund" and mail them to Glenn Bauman, 833 Illinois St., Gooding, 83330. The \$500 covers the cost of travel and lodgings only. Mortenson will supply his own equipment.

He has already started training for the event, lifting weights and working with special equipment, and plans to enter in as much competition as he can before his departure date of Feb. 13. He will be in Europe some 18 days.

Cappelletti Resumes Top Scoring Role

BOSTON (AP)—Gino Cappelletti, owner of a sturdy toe and glued fingertips, resumed his role as the American Football League's leading scorer today after going from goat to hero within a week.

Cappelletti, bidding for his first scoring title in the AFL's seven-year history, connected for 21 points Sunday as the spluttering Boston Patriots held on for a 27-21 victory over Houston. The 32-year-old former Minnesota star scored touchdowns on passes from Babe Parilli covering 63 and 31 yards, booted field goals from 28 and 44 yards out and kicked three conversions. His nine-game output is 84 points.

"I took me all week to shake the nightmare of the Denver Broncos from my system," Cappelletti said.

Cappelletti fought a battle within himself after he failed on a 45-yard field goal attempt with 27 seconds to go against Denver. The Broncos then struck back and snapped Mortenson's three-point winning streak by hitting on a long pass, with just two seconds left for a 17-10 rain-soaked victory.

Closing Dates Are Set for Two Area Deer, Elk Open-End Hunts

Two open-end hunting areas have had a closing date set while one will remain open for some time yet, according to a report by Martel Morache, regional conservation educator for the Idaho Fish and Game Department. The open-end hunt has a starting date, but does not have a closing date set until the department feels sufficient harvest has taken place. Of interest to hunters in this area are units 20, 21-A

Lowe Breaks Into AFL's Rushing List

NEW YORK (AP)—Paul Lowe of the San Diego Chargers, going through a disappointing season, has found a defensive line and broke into the rushing statistics of the American Football League.

The veteran halfback, who broke the league rushing record last season, was stopped until Sunday. Although the Chargers another disappointment, lost again, Lowe carried 10 times for 125 yards to grab eighth place in this week's statistics.

Lowe, unable to climb much further because of his slow start, has run for 327 yards, averaging 3.5 a carry.

Jim Nance of Boston is almost certain to be Lowe's replacement as the Chargers' first 112 yards Sunday to his total, now 885 yards in 185 attempts. Bob Burnett of Buffalo is far behind at 553 yards.

John Hadl of the Chargers held his passing lead with 136 completions in 247 attempts for 1,845 yards, 14 touchdowns and a 7.4 average gain per pass. He also leads in percentage, 55.1.

Lance Alworth, another Charger, held his past record lead with 48 despite sitting out Sunday with an injury. Charlie Frazier of Houston caught six and George Sauer Jr. of New York five to tie for second with 41.

Cino Cappelletti of Boston returned to first place in scoring with 21 points for a total of 84 or 10 more than Booth Luster of Buffalo.

Other leaders are Bob Scarplito, Denver, punting, 45.4 yard average; Les Duncan, San Diego, punt returner, 15.5 average; Goldie Sellers, Denver, kickoff returns, 32.6 average; and Johnny Robinson, Kansas City, interceptions, 4.

Robinson to Have Surgery On His Knee

BALTIMORE (AP)—Frank Robinson, the American League's Most Valuable Player, in 1966 is to undergo surgery on the cartilage in his right knee. A spokesman for the Baltimore Orioles said the 31-year-old outfielder would undergo the surgery at an undetermined date in either Baltimore or Los Angeles.

Robinson had been told following Baltimore's four-game World Series sweep over the Los Angeles Dodgers to rest the knee, injured early in the season, for six weeks.

"It has been five weeks" and Robinson, and the team physician agree that an operation is necessary.

"The pain is still there," said Robinson, the first player ever to be named most valuable in both the American and National leagues. "Is a matter of fact it may even be worse."

"There's no sense in waiting any longer to make up my mind."

WINS MATCH—NEW DELHI (AP)—Jalpa Singh defeated India's 340-weighted Wilhelm Burger of West Germany 4-0, 8-6, 8-6, 6-3 Monday, clinching Davis Cup Interzone semifinals and sending India into the finals against Brazil.
